TECH MASTERY

Next.js 15 Django TypeScript
PostgreSQL MongoDB
Capacitor RESTful APIs
Python

EXPERTISE

IT Admin SEO Strategy
Graphic Design System Design
CorelDRAW MS Office

ARCHITECTURE

MVC Facade Adapter
Singleton Observer Scrum

MUHAMMED MUSTAPHA ABDULLAHI

SOLUTIONS ARCHITECT | FULL-STACK DEVELOPER | FOUNDER

PROFESSIONAL SUMMARY

Strategically driven **Solutions Architect** with a 10-year professional trajectory in Information Technology, specializing in Full-Stack Engineering for the past 5 years (2020–Present). Founder of **UASE Tech Studio**, where I architect complex digital ecosystems using **Next.js 15 and Django**. Expert in bridging infrastructure gaps through Solar/Starlink integration and converting high-performance PWAs into **Native Android APKs**. My background in IT administration, education, and business management allows me to build software that is not just technically sound but operationally efficient and commercially viable.

EXPERIENCE & LEADERSHIP

Founder & Lead Engineer | UASE Tech Studio 2020 – Present

Remote / Hybrid Operations

- Developed 12+ enterprise-grade apps for Healthcare, Judiciary, and Logistics sectors.
- Implemented a Facade Pattern based service layer for scalable email and API management.
- Deployed a dedicated Web-to-Mobile pipeline using Capacitor for instant APK distribution.

Technical IT Assistant | Edge Meter / T4U / Sunstar 2021 – 2023

- Consulted on technical documentation and system audits for AY Global Integrated services.
- Architected secure data handling procedures for institutional engineering audits.

IT Instructor | Heritage / Ligo Computers 2016 – 2020

- Trained over 150 students in MS Office, CorelDRAW, and UI/UX design fundamentals.

FEATURED PROJECTS

Smart Recipe Manager →

Next.js 15 architecture for structured culinary data management.

Blood Donor Bridge →

Emergency response platform connecting hospitals and volunteer donors.

Judiciary Order System →

Secure Django-based platform for issuing and tracking digital court orders.

E-Commerce (Web + APK) →

Multi-vendor food platform with Stripe and real-time order tracking.

EDUCATION & CREDENTIALS

BSc Computer Science

Ahmadu Bello University (ABU), Zaria.

Full-Stack Software Cert.

Brotech Institute.

English Proficiency (C1)

EF SET Score: 68/100 (Advanced).

Diploma in Computing

Heritage Computers.
